Havyas S.J.
Urban Heights

An Icon

That rises with grace

The elevation of Havyas S.J. Urban Heights is a reflection of contemporary design blended with timeless appeal. Crafted to make a lasting impression, it balances clean lines, refined proportions and visual harmony.

More than just an exterior, the elevation sets the tone for the lifestyle within, creating a sense of pride, identity and quiet elegance that stands out while still feeling perfectly at home.

STRUCTURE

- Reinforced Cement Concrete (RCC) framed structure designed to withstand wind and seismic loads.
- Foundation on isolated footings over hard strata with plinth beams for additional structural safety.

BRICK

Brick masonry with first class moulded CC block of 200 mm for external and 100 mm for internal walls with cement mortar

DOORS

Main Door: Teak wood frame with teak veneer laminated paneled shutter, melamine polish on both sides, fitted with reputed make hardware

Internal Doors: Teak wood frame with flush shutters and reputed make hardware.

WINDOWS & FRENCH DOORS

Windows & Ventilators: UPVC frames with sliding shutters and fly mesh, fitted with float glass and designer hardware of reputed make.

French Doors: UPVC frames with shutter styles & rails, float glass panels, designer hardware, and fly mesh.

PAINTING

Internal: Premium emulsion paint over putty finish in Drawing Hall, Living, Dining, Kitchen & Bedrooms

External: Texture / exterior emulsion paint of reputed make as per elevation

Balconies & Utility Areas: Weatherproof paint over external putty finish

Parking Area: Waterproof cement paint over a base coat of primer.

LIFTS

Automatic lifts of reputed make with V3F / drive system for energy efficiency.

POWER BACKUP

Generator backup for common areas and 1 KVA power backup for each flat.

EXTERNAL FEATURES

Aesthetically designed landscaped gardens and setback areas wherever feasible.

ELECTRICAL

- Concealed copper wiring in conduits of standard make
- Adequate light, fan, plug & power points
- Power points for air conditioners in all bedrooms
- Power points for geysers in all bathrooms
- Power points for chimney, refrigerator, microwave & mixer/grinder in kitchen
- 3-phase power supply with individual meter for each flat
- MCB & ELCB for each distribution board

FLOORING

- Living, Dining & Drawing: Vitrified tiles (1200 x 600 mm)
- Bedrooms & Kitchen: Vitrified tiles (600 x 600 mm)
- Toilets: Anti-skid ceramic tiles
- Corridors: Vitrified tile flooring
